Scott A Edholm – Candidate for CoR BoD

I am a member of the Colorado Region of the Sports Car Club of America - Member# 508016, where I possess a Divisional F&C license along with a Divisional T&S license and am working towards national licensing.

For the 2018 racing season, I am in the middle of my 3rd season of motorsport experience (Flagging and Communication / Timing and scoring / Race Control / Pit and Grid). I started my 2018 season by working in Flagging and Communications for the 2018 Toyota Grand Prix of Long Beach. Additionally, I also worked race control for the SCCA Colorado / Continental Divide regions season opener.

My 1st season (2016) was mainly introductory (as I entered towards the very end of the season). The objective for my 2nd season (2017) was to get in as many local & pro races for SCCA, PCA-RMR, RMVR and NASA here in the Rocky Mountain Region before venturing down to COTA for the WEC race in September 2017 for my first exposure to USA Pro / FIA International racing. I successfully achieved those goals and am looking forward to expanding on those goals for the 2018 racing season as I continue to strive to learn as much as I can at each event I participate in and carry that with me to future events and share my experiences with others.

I am very flattered and honored that the current board members for SCCA Colorado have nominated me to fulfill an upcoming vacancy on the board and it is my intent to fulfill the duties and obligations that would be asked of me should I be elected. I do view this opportunity as a progression in my volunteer work with the Colorado motorsports community.

I do keep an online journal / resume of my motorsport experience that is updated after each event I participate in that can be viewed securely online at: <https://www.msbedholm.org/motorsport>

Thank you for your consideration and I look forward to speaking again with you soon.

Regards,

Scott A. Edholm

SCCA Member #508016
