Board of Directors

Hello fellow SCCA members! I am pleased to be considered for a term on the Board of Directors. I am a lifelong Colorado resident and first got involved with racing and the SCCA in the early 1980's. First as a spectator, then as a member, corner worker, and track day driver. In 1999 I went through the region's driving school and a couple of race weekends in a loaned SpecRacerFord. After life caused a detour, I was able to rejoin the fray as driver a few years ago.

I hope to bring enthusiasm, good judgment and experience, together with my love of racing and motorsport to the board.

EXPERIENCE

I have been on numerous boards as a director, as well as officer, including a long stint on the oldest continuously operating bicycle racing club in Colorado, government/private industry non-profit and cooperatives, and educational and philanthropic organizations. Most of these organizations face the same challenges as our club. I have broad based top to bottom experience and participation.

GOALS

To give back to the club and help guide it, together with the admirable, long serving and tireless volunteers on the board and specialties.
